self-sufficiency in the garden  
and kitchen*

**250-353-7120**

**North Kootenay Lake  
Community Services**

**Rototiller**—Tecumseh engine, 22” wide, rear-tine rototiller can help you loosen soil and prep your garden. Comes with instructions and a quick lesson from Patrick if you wish. (Suggested rental rate for this item is \$20)

**Dehydrator**—The 9-rack Excalibur dehydrator allows you to dry lots of fruit, quickly. Also dries herbs, vegetables, fish, meats and jerky.

**Crock-Pot**—This slow-cooker prepares your meal while you’re away so you can return home to delicious, hot food.

**Seed Cleaning Screens**—For the gardener. Six different screens in wood frames. Separate seed from chaff and up your seed-saving game.

**Smoker**—Big Chief Electric Smokehouse allows you to smoke, cure and preserve meat, fish, cheese, nuts and more. Comes with instructions and recipe book.

**Meat Grinder**—Hand-crank meat grinder allows you to quickly grind meat in preparation for sausage making or just to enjoy as ground meat.

**Food Sealer**—Preserve foods by vacuum-sealing. Great for preparing meals to take camping.

**Electric Grain Mill**—L’equip Nutrimill is a compact, table top flour mill that quickly grinds a wide variety of grains and beans.

**Kitchen in a Box**—Short on kitchen items but want to process food? This box includes sauce pan, casserole pan, cookie sheets, stockpot, cutting boards, measuring cups, kitchen utensils, knives, graters and more.

**Pressure Canner**—All-American Pressure Cooker/ Canner holds 19 pint jars or 7 quart jars at one time. Speeds the time involved in cooking or canning.

**Apple Press**—The Maximizer apple press and fruit crusher is ideal for juicing apples or grapes. Non-electric, manually operated grinder and fruit press. (Suggested rental rate for this item is \$20)

**Electric Spice Mill**—Quickly grinds spices for that marathon food processing weekend!

**Steam Juicer**—The Mehu-Liisa stove-top juicer extracts juice from fruits and vegetables. Fruits with pits or stones do not need stones removed.

**Water-bath Canner**—The most simple canner for home canned-goods. Comes with jar-lifting tongs.

**Juicer/Grinder combo**—The Omega Fruit and Vegetable Juicer is a masticating style juicer that extracts maximum juice from fruits and veg. Can also be used for grinding grain into flour, or nuts and seeds into butters.

**Food Processor**—Kenmore MultiPro Food Processor does it all! It’s a food processor, juicer, grinder and blender. Includes multiple size bowls, blender, whisk attachments, dough tool and different size disks for shredding, julienne and more.

**Breville Juicer**—High quality centrifugal juicer handles fruits and vegetables. Choose juice or puree settings (where the pulp is not separated from the juice).

**Oil Press**—Piteba Oil Expeller is a manually operated oil press for nuts and seeds. Make culinary oils from sunflower, walnut, mustard and more.

**Tool rental period is 1 week - Suggested tool rental rate of \$5-\$10 sliding scale for most items (see exceptions in tool description)**
